Community Blood Donation

Parental/Guardian consent for 16 year-olds»

By California law, all 16 year-olds must have a parent's or legal guardian's permission to give a community blood donation. Donated blood is used by Stanford Blood Center for any use it deems advisable, including research, and any rights or ownership with respect to the donated blood is relinquished by the donor.

Please note: if consent is not properly completed and signed with smear proof blue or black ballpoint pen only, minor will not be allowed to donate. Different colored inks, pencil, marker pens and correction fluid are not permitted. The current version of the form is 15.0. No other version will be accepted.

Section 1: to be completed by parent or legal guardian

Registrar

By signing this form, I acknowledge that I have reviewed the blood donation materials and potential adverse effects related to the donation, provided in the SBC informational handout or by accessing SBC's website, http://stanfordbloodcenter.org. In the event of an unexpected infectious disease screening test result, only the donor will be notified. In the event of a reaction, trained staff will administer appropriate treatment as delineated in SBC procedures.
